## Appreciation Hour Features Violinist

Maureen Moon, violinist, will appear in concert in Russell Auditorium on February 28 at the regular Weekly Appreciation Hour.

Miss Moon, who is living in Georgia to be near her husband at Fort Benning, is a native of Texas. When she was seven years old, she was awarded a violin scholarship to the Cincinnati Conservatory of Music by the Texas Federation of Music. She studied there for six months with Ysaye. From there she went to Berlin to study with Carl Flesch. The same year she returned to New York and studied with Leopold Auer until his death.

During the summer months, Miss Moon made other trips to Europe and studied under other noted teachers—Hubay of Budapest and Schneider of Vienna. She was also awarded a scholarship in New York in harmony and composition with Herman Speller, the teacher of Manna Zucca.

In 1936, Miss Moon began a long series of concerts through Sweden, Norway, Denmark, Finland, Cuba and Mexico. In 1939, she was forced to return to America due to the impending war.

## Fowler, Bessent, Radford Head Major Organizations for 1945-46

### 15 Percent Increase In Voters Noted As Student Body Selects Officers

Janet Fowler, Marian Bessent, and Jewel Radford were elected to the presidencies of CGA, YWCA, and Recreation Association, respectively, at campus-wide elections held last week.

The votes were distributed as follows: Janet Fowler, 506; Betty Gooden, 259; Marian Bessent, 485; Virginia Olsen, 271; Jewel Radford, 601; Berna Smith, 155.

A commendable increase was noted in the percentage of students who voted as compared to last year's number. In the 1944 election, 69 per cent of the student body voted, while this year 84 per cent went to the polls. By classes, the percentages are: Seniors, 1944—85 per cent, 1945—80 per cent; Juniors, 1944—47 per

cent, 1945—80 per cent; Sophomores, 1944—70 per cent, 1945—80 per cent.

Janet Fowler, Milledgeville, is president of the IRC and historian of Jesters. She is majoring in history and French government.

Marian Bessent, Warwick, is secretary of Y, treasurer of IRC, and a member of the Geography club. Her major is social science.

Jewel Radford, Atlanta, is president of the Tumbling club, treasurer of Rec, and vice president of the Physical Education club. She is majoring in physical education.

Petitions are being received this week for candidates for the other major offices of the three major organizations. The elections will be held on Wednesday, February 23.

An incomplete list of nominees for offices of CGA are as follows: For chairman of judiciary, Peggy George and Rebecca Wall; for vice-president, Peggy George, Carolyn Hancock, and Beth Hart; for corresponding secretary, Anna Logan; for recording secretary, Gretchen Waldrep and Minniebel Powell; for treasurer, Margaret Anderson and Betty Wood Calloway.

## Penguin Club Plans Exhibit

"United We Stand" will be the theme of the Penguin club's second annual demonstration which will be held on February 26-27, at 7 o'clock.

Glynise Smith, president of Penguin, has announced that each of the four countries—United States, England, Russia and China—will be recognized by its characteristic music or by symbolic formations.

The program as planned will consist of an introduction, nine formations, and a finale illustrating the four powers standing together against any disaster.

Margie Hughes will be the narrator of the script written by Miss Margaret Meaders.

The following committee chairmen have been selected to work on the demonstration: Mary Curry, publicity; Agnes Davis, program; Doris Helton and Barbara Jean Mann, costumes; Kate McKemie, lights; Margo Flahive, records.

Unlike last year, there will be no special night for each class to attend.

Miss Betty Lippman is advisor for the club.

## Students Vote For Holiday Privileges

GSCW will have spring holidays again this year from March 20-26. This was the result of vote by the student body in chapel February 12, when CGA president Betty Boyd left it up to the students as to whether the holidays would be foregone this year in compliance with a request from the ODT.

However, in order to relieve the transportation difficulties, the students decided to forfeit one of their three week-end trips next quarter.

## Larry Allen, AP Correspondent, Visits Campus March 6, To Describe War

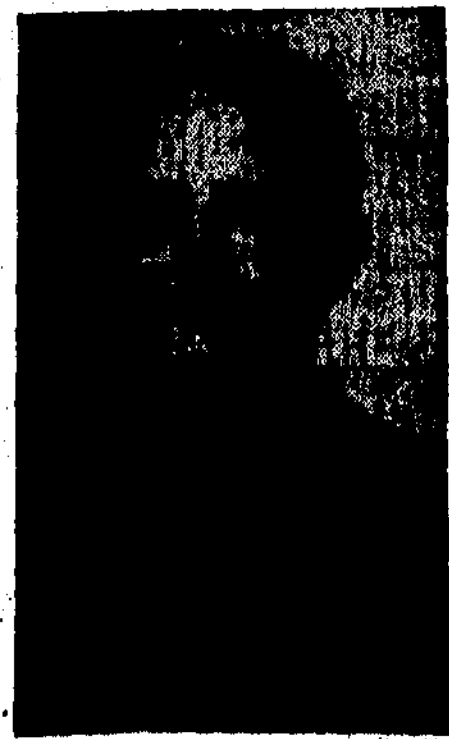

Larry Allen, Associated Press correspondent, is coming to this campus March 6, to tell about his war experiences. He was born in Maryland, but he spent a good part of the first twenty years of his life in Charleston, West Virginia, which he calls home.

To be a big time reporter was Allen's main ambition as a boy. At the age of seventeen he got his first full-fledged job as a reporter with the Baltimore (Md.) News.

In 1938 he got his first foreign assignment to cover the civil war in Spain. From there he went to Czechoslovakia, then moved on to Rome in 1939, and in 1940, landed in Alexandria, and it was there that he talked his way into the British fleet.

Allen will tell about one of his most harrowing experiences of the war at sea. He was aboard the Aircraft Carrier H.M.S. Illustrious, when it was attacked by 150 Nazi planes which dropped 100,000 pounds of torpedoes and bombs in an unsuccessful attempt to sink the carrier.

After watching the war in the Mediterranean from every type of fighting ship, except a submarine, Allen was captured by the Nazis when he went along on a commando raid at Tobruk, Libya. He escaped three times, was recaptured each time and in spite of physical hardships that would have broken the spirit of many a man, he harassed his captors by ingeniously contriving to get stories smuggled out and by posting bulletins about the German withdrawals on the Eastern Front. He had been in German prisons and prison camps for 20 months before he was released. Allen returned to the United States in June, 1944, aboard the exchange ship Gripsholm.

## Daphne Robert, Lawyer, Disproves Old 'Woman's Place Is Home' Adage

A shining example of what a woman can accomplish is Daphne Robert, who will be guest speaker at chapel on March 2.

Miss Robert is Patent and Trade Mark Attorney for a large company in Atlanta. In recognition of her ability in this field

DAEPNE ROBERT

she has been made a member of the American Bar Association Trade Mark Legislation Committee, and is the first and only member of its Patent Law Revision Committee. She is immediately past-president of the National Association of Women Lawyers, vice-president of the Business and Professional Women's Club of At-

lanta, and past-president of the Georgia Association of Women Lawyers. Another accomplishment in her chosen field is her appointment to the War Readjustment Committee of the Junior Bar Conference, which is made up of lawyers under 36 years of age. This committee is only committee making plans for the rehabilitation of returning servicemen, lawyers.

All of these accomplishments in the field of law resulted from an early ambition to be a lawyer. Miss Robert was born in Martinsville, Illinois. One of her first jobs was to break down the theory of her father that "woman's place was in the home." Following her graduation from the University of Illinois, she taught school in Florida and Georgia until her admittance to the bar in 1937.

Miss Robert is a member of the AWWA and the OGD and a Red Cross worker. Her favorite hobby is cooking, but she has done a great deal of radio dramas and newspaper work. Her two weaknesses are hats and shoes—she owns at least 22 of each.

At the head of her list of theories is the belief that women have a definite place in the world, but should not try to "wear the pants," and because she practices what she preaches, she is a perfect combination of efficiency and femininity.

## Library Questionnaire Helps Ferret Out Pet Peeves Of Studious Jessies

One of the most effective means of bettering a bad condition is to get the opinions of those who are affected by the condition. One way to do this is by personal interview. Another way is by means of a written questionnaire.

One recent Saturday afternoon as studious students entered the library they were given a card of questions to answer and recommendations to make for more effective library service.

The reserve room came in for a large share in the recommendations. Freshmen find there are not always a sufficient number of social science books and the noisy stairs, floors and crowded conditions were named as hindrances to study.

Many have felt the need for more trained library assistance, especially during term paper time. There is a need for more copies of the much used periodicals and books and more study space and study rooms.

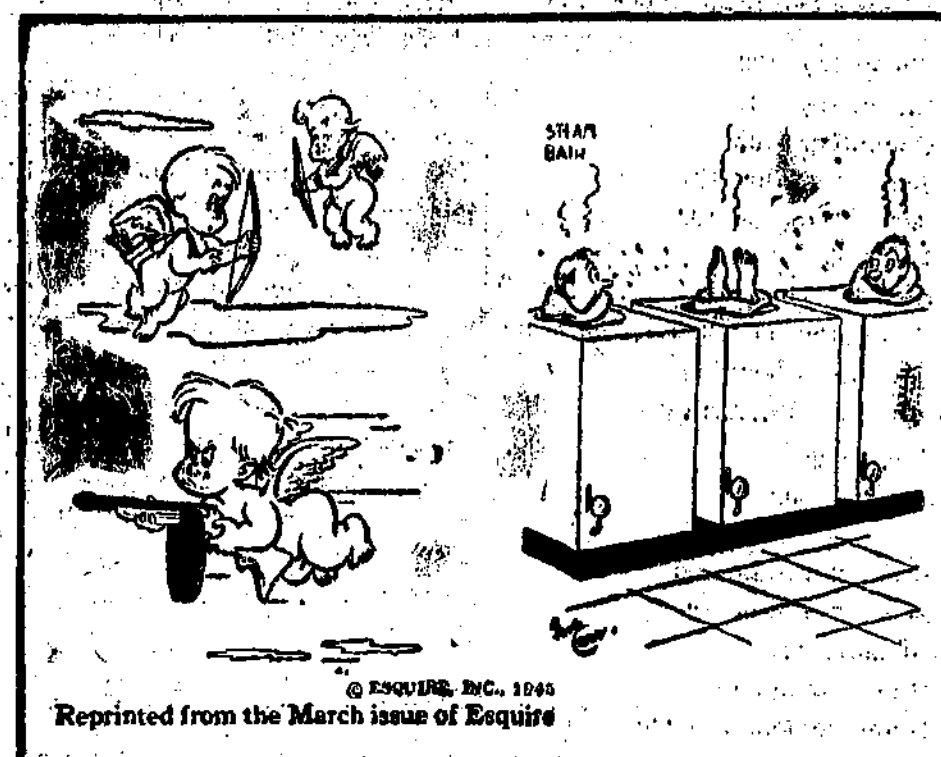

One Freshman gave the suggestion of a compulsory class for all new students each year in the use of the library. Some think there should be more up-to-date books in all subjects and almost all mentioned the need for better lighting in all the rooms. The questionnaire above all else showed that students are interested in studying and in better study conditions, and it will be through this interest that improvements will be made.

The annual basketball tournament began February 5th, when the first of the competitions between dormitories resulted in the victory of the Terrell B team over the Town Girls team.

During the past two weeks Bell Hall has defeated Beeson, Terrell Proper has won out over Atkinson, and Bell B has defeated Terrell A.

The semi-finals of the dormitory tournaments will begin on Monday, February 19, with the game between Terrell B and Bell.

The game between Bell B and Terrell Proper on February 21 will be the second of the semi-finals. Winners of the two semi-final games will compete for the championship.

## JESSIE'S JIVES

Valentine put on more significance this year, as more and more of "the one and only's" are here, yow and everywhere.

Sara Mitty Parks received a cablegram from Charles in France. June Davis, Catherine Jones and Dot Daniel were among the lucky ones receiving flowers.

From election day comes the story of Terrell Proper's president, Gretchen Waldrep. Discerning as the time for closing the polls drew near that four of her Terrell Proper girls had not voted, she searched the campus for them. They weren't found, but as the spirit of it all that counts, Corgrats to an almost 100% dorm anyway.

The new "open door" policy between Terrell A and B makes an altogether more friendly atmosphere in both dorms. New friends around the corners are being discovered and old ones re-discovered.

With all the elections and such there comes to each of us a sort of revaluation of all the things about GSCW that add so much to our daily living here. The things we'll remember long after dates and data have flown. I mean such things as . . . the little store and that merry nine o'clock whistle . . . the "Y" . . . the house codes that give a feeling of responsibility and pride that here are a group sincerely.

Things I Like About People I Like . . . Todd's and Torrey's harmony . . . Madelyn Jackson's friendly greetings . . . Marsha Major's smile . . . Elizabeth Cottingham's wit . . . Jean Lind . . . Marjorie Wesley's . . . and pride that here are a group sincerely.

## A Cappella Schedules Radio Appearance

The A Cappella Choir will spend the week-end of February 24-25 in Atlanta. While there, the choir will make several appearances.

On Saturday afternoon, the choir will give a 30 minute broadcast over WSB at 3:30 CWT, and Saturday night they are scheduled to appear at the Georgia Military Academy in College Park.

A program at Lawson General Hospital and an evening sacred concert at Saint Marks Methodist church are on their schedule for Sunday.

of girls with honor to live by even in the dormitory . . . and those dormitory kitchens for that Saturday night snack or late week-end breakfast . . . These among all really make our living happier.

## THE COLONNADE

### LET'S TOP THE RECORD

Next week will again see GSCW students going to the polls. This time they will vote for offices of CGA, Recreation Association, and YWCA other than the presidents which were filled by ballot last week.

Eighty-four per cent of the student body took part in the elections at that time, an appreciable increase over the number of voters for the preceding year.

The real test of student participation, however, lies ahead. While the offices which must now be filled are the so-called "lesser" offices, they are extremely important to the success of college government. A lack of interest in this election will counteract the encouraging results of last week's voting.

It is now up to you to give the students you have chosen to be presidents of the organizations a group of officers who will cooperate with them to make the 1945-1946 college government the effective functioning group that you wish it to be.

### THE EARLY BIRD

Before very long GSCW students will again be asked to make an organized effort to buy more War Bonds and Stamps. A quota will be assigned to GSCW to fill and a definite length of time will be allowed for each of us to stop and think how much we will be able to contribute this time. No, not contribute—invest. Instead of waiting for the "go ahead" signal from the War Bond Committee, why not start now to save those nickels. It might be a good idea to put aside for the War Stamps the money which would otherwise be spent for almost non-obtainable commodities such as cigarettes, gum, cokes.

It is hardly necessary to tell you why you should buy bonds. Even if you didn't have a personal reason in the form of a loyal one for whose return you are praying, you could not ignore the pleas of Dr. Little, Col. Jere Moore, the veterans who have tried to show us the necessity for buying more and more bonds.

Your opportunity to show your faith in your country will come soon. Don't be caught napping.

## THE WORLD THIS WEEK

Admiral Chester Nimitz has announced that the American Marines have invaded the Japanese held island of Iwo Jima, 750 miles from Tokyo. At the same time, 1500 Superforts have bombed Tokyo and Yuyahama in a surprise attack from airplane carriers.

In the Western War, Allied troops are pushing into Germany in what Montgomery terms "the final round." British troops are attacking through the northern sector of the front and soldiers of the Twelfth Army Group are pushing forward further south.

The Russians are still working toward and around Berlin. Sharp German counterattacks have been felt, although they have not stopped the drive of the Red Army. German reinforcements have reached the front despite severe bombings of transportation centers by American planes.

In China, the first American convoy to travel over the Lede-Burma road reached Kunming.

Roosevelt, Churchill, Stalin and Chiang Kai-Shek have completed a meeting at Yalta on the Black Sea. Plans have been made for a meeting to be held later in San Francisco. General De Gaulle has been invited to attend but declined, possibly because he was not invited to the Yalta meeting.

Any students who are interested in working on the Colonnade are invited to attend the weekly staff meetings held in Parks Halls at four o'clock on Tuesday afternoon.

It is not necessary to have had previous experience in order to work on the paper.

### Notice to Seniors

You who expect to complete your work in March should come to the Placement Bureau at your earliest convenience. There are a number of forms which take some time to complete, and which must be filled out before our most adequate service can be given you. Calls are already coming in, and unless we have information on file about you, you are at a decided disadvantage.

If you already have a position, please come by the Bureau and tell us what you plan to do. We need this information for our files, also.

There are a number of new monographs on CAREERS FOR COLLEGE WOMEN in the Placement Bureau to aid you in selecting a career. We invite you to drop by at your leisure and look them over. We are located in Room 212, Education Building.

Mary Shultz, Secretary  
GSCW Placement Bureau

Minot, South Dakota—(ACP)—The Minot State Teachers College is planning a short course for girls living on farms who might be interested in coming to college for two or three weeks, studying such subjects as home making, dress, consumer education, cooperation, and general education for more successful living. Opportunity will also be given for some work in music and art as well as a course in recreation.

### Brown Club Aids GI Alumni In Placements

Providence, R. I.—(ACP)—Endeavoring to assist Brown men in the service in finding jobs on their discharge, the Brown University Placement Office has been supported by the Brown Club of Providence. For some years the Placement Office has aided graduating seniors with information and advice about jobs, and has tried to help them find positions for which they are best suited.

Brown has made arrangements so that returning soldiers and sailors will receive a maximum of individual attention and as comprehensive a statement of opportunities as possible.

Brown is also cooperating with the Advisory Bureau for College Men Returning from the Services, which has headquarters at the Harvard Club of Boston.

Credit will not be valid unless this regulation is complied with.
